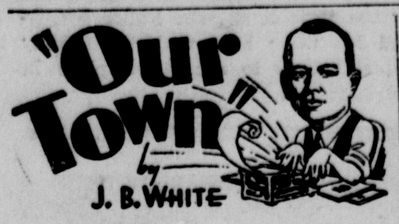
The Cameron Herald

since 1860 *and CENTINEL*

VOLUME NUMBER 87 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, FEBRUARY 6, 1947 | NUMBER 41



Milam County should have a Farm Bureau and we are heartened to note that right now some efforts are being made in this direection. Texas is by no means well organized but there are some 150,000 members of the Bureau in Texas and indications are as necessity demands the men who own the land will wake up to their cause.

Collective strength has brought labor and capital to dominant positions in our economy while the John Doe's remain unattached. When the face of the people is ground, they furnish the face. They are the people, the great mass who produce, who pay, who employ and who hold this thing together.

If for no other reason the farmers should form a Bureau to insure better markets. In McLennan county the Farm Bureau has just held a meeting to urge better market facilities. What's more they meet with the Mayor to see if a plan can be worked out for better facilities at the city market. The Farm Bureau to the land owner is what the Chamber of Commerce is to the business man. Its objectives are the same, only they seek better conditions for producers.

Many Texas towns, some our neighbors, have market places. They are centers in which produce is concentrated for ready transport to markets outside the county and state. This is now regarded as a prime essential in getting perishables to the consumers. Annually losses are heavy in unorganized areas because there are no facilities for handling the crops as speedily as necessary if maximum returns are to be had.

We have long since despaired over efforts to get the city leaders to see their opportunities. The farmers themselves, in their own interest should take steps to provide these and other marketing facilities.

Time marches on and Cameron sometimes goes backward. The impact has been terrific. Those chipped off places you see on the structure and the decay—the lack of anything new, is an index to what has happened in the past. Leadership has been at fault Maybe Jeff McLemore is right when he says the present memorial demand in Georgia is a granite spitoon.

The chief legend that has grown up around the Groundhog is that relating to his appearance from hibernation in the ground on February 2nd each year. If the sun is shining he sees his shadow, becomes frightened and hurries back to his burrow where he remains for 6 weeks and as the story goes, winter continues for that period of time. Like all legends this one sometimes shrinks in significance in the face of fact. People who have seen the Groundhog in these parts are almost as legendary as are the tales of his weathervaning.

Zoologically the Groundhog is calssified as a Woodchuck or more commonly a Marmot. To be more scientific we would say arctomys for the Marmots are rodents found in northern parts of both hemispheres and in the case of most species live high up in the mountains. It is not likely therefore they would commonly be seen in these climes, thus increasing the legendary deference to weather forecasting.

In case you are interested there are three kinds of Marmots in North America and all popularly known as Woodchucks. The European species are heavily built, clumsy animals and live high up in the mountains. We are told they are a social lot and that is a better characteristic than some people we know. They feed in companies and a number collect in the same burrow for the long winter sleep. In Europe occurs the Alpine Marmot, often heard, but rarely seen, in the Alps. It has a peculiar shrill whistle, maybe like Percy, the drug store cowboy who lets go when some chick swishes by. In Siberia they are called by the same name but are smaller in size.

Here in America it is the Groundhog or Marmot, or Woodchuck, as you may choose. Nobody so far as we know ever saw a Groundhog in Texas. There are quite a few above ground but they are not frightened by shadows. Well, the North American Groundhog is quite well known in the Hudson Bay country and southward

(turn to page eight)

NEXT OF KIN HEAR HOW WAR DEAD ARE RETURNED

Hero dead whose bodies lie buried on two continents and the world's outposts, will soon be coming home to the land they loved.

Col. C. D. Castle, Quartermaster Corps, U. S. Army, conducted a highly informative meeting here Tuesday afternoon at 2:30 and in the evening was guest speaker at a meeting of the American Legion.

Shag Floore, information expert, with Col. Castle and some 30 of the next of kin of men who lost their lives in the war, were at the meeting and a number of interested citizens.

The government will write letters to the next of kin of those who are buried in eight temporary cemeteries. No letters will be received by the next of kin until positive identification has been made by the government of the known dead. So accurately will identification procedure be carried out that there will positively be no doubt that the loved one will be returned to the family for interment.

Unless the next of kin have changed their address they should not write the War Department as letters will come to you.

When next of kin requests burial in a National Cemetery or in a United States military cemetery overseas the War Department will pay all expenses. If interment in a private cemetery in the United States or oevrseas is requested the government will pay transportation costs to the city or town designated and allow up to $50 to cover interment expenses. Application for this expense must be made to the office of the Quartermaster General.

Many who lost their lives lie buried in temporary grounds on the battle fronts of the war. They are not buried in a National Cemetery or a private cemetery overseas. Such circumstances of course were unavoidable in war.

When the number of hero dead whose next of kin have decided to have them interred in the soil of the countries where they fought, is determined, the War Department contemplates establishing permanent military cemeteries overseas. In many instances these cemeteries will be located in former fields of battle, fields where the men who fell in action fought. It is intended to landscape and beautify these final resting places so that they will be fitting memorials.

The first of the bodies from overseas are due to arrive in this country within the next few weeks. They will be received at 2 ports, New York and San Francisco and from these ports they will be sent to designated cities and towns.

50 YOEMEN TO REPORT FOR SPRING TRAINING

The philosopher said that coming events cast their shadow before them.

Whehter this is prophetic enough to be included in speculation about football this fall, may be open to dispute, but the fact remains that 50 Yoemen will report for spring practice here on Monday, February 10.

Coach Leo Jackson said that drills will be held at scheduled times and hatt the initial squad to report will be composed of 40 boys, many of them veterans and not a few hopefuls.

When the basketball season closes in February 18 ten more Yoemen will report to the football field.

Spring football will be climaxed here on Friday night March 10 with an intersquad game.

Georgetown Comes To Cameron For Game Thursday Night

Cameron was getting the better of their schedule with the Georgetown Eagles.

The game scheduled for Thursday to be played there will insetad be played in Cameron at 7 p. m. and 8 p. m.

The Yoemen will go to Belton on Friday for a game at 2 p. m.

A previous game scheduled between Cameron and Georgetown which was to be played in that city was transfered to Cameron when Southwestern University gymnasium was not available.

Phone your news items to 282.

NEW MANAGER

Henry M. Siebman

Mr. Siebman has just been appointed manager for the Texas Power & Light Company in Cameron to succeed J. Albert Young, Jr. His appointment is a splendid promotion in the service of the company.

NEW TP&L MANAGER TO BE HENRY M. SIEBMAN

John W. Carpenter, president of Texas Power & Light Company, announced this week the appointment of Henry M. Siebman as manager of the Cameron District, to succeed J. Albert Young, Jr., who has been assigned to special work out of the Company's Dallas office.

"Mr. Siebman's long experience with the Texas Power & Light Company," Mr. Carpenter said, "makes him especially qualified to serve the Cameron District as manager. In this position, he will devote a large part of his time and effort to the industrial development of Cameron and this area and to continuation of the rural electrification program now under way in this area." In addition to the city of Cameron, the disrtict includes the towns and communuities of Buckholts, Milano, Minerva, Sharp, Yarrellton, Tracy, and Marak, all in Milam County.

Born at Gainesville, Mr. Siebman is a native Texan. He received his education in the Gainesville public schools. After graduating from the junior college in that city, he went to work for the Texas Power & Light Company there in 1935, and served there in various departments of the Company until 1937, when he was transferred to McKinney. In February of the next year he was transferred to Cameron.

Mr. Siebman is well acquainted in the Cameron district. He has served in the district office in various capacities. He was made chief clerk in 1939 which position he was holding when appointed manager.

He served in the United States Navy from March, 1942 until September, 1945. After boot training at San Diego, he was sent to the Navy repair base at Guantanamo Bay, Cuba where he was in charge of checking supplies to ships traveling to and from the European Theater of Operations. After two years there, he was sent to Treasure Island, San Francisco, where he remained until his discharge in September of 1945. A month later, he returned to his post as chief clerk at Cameron.

Mr. Siebman married a Cameron girl, the former Miss Dell Horstmann, and they have one daughter, nine-months-old Marsha Dell.

He holds membership in the Rotary Club, the Cameron Country Club, American Legion, Knights of Pythias, the Masonic Lodge, and is active in the Methodist church, of which he is a member.

Rex Bartlett's Are Parents Baby Girl

Mr. and Mrs. Rex Bartlett of Minerva are the parents of a baby girl, born January 31 at the Newton Memorial Hospital.

The baby weighed 7 pounds and 13 ounces and has been named Nedra Frances.

The mother is the former Miss Zoe Jacobs of Minerva. Friends extend congratulations to the happy parents.

Mrs. Valter White of Maysfield was in Cameron Saturday. She is the wife of the assessor and collector of taxes and was formerly sheriff of Milam county, succeeding her husband who was called away to the armed forces during the war.

7275 TOTAL POLL TAXES PAID IN MILAM COUNTY

Tax collections hit well above the normal mark in both city and county, it was disclosed here early Saturday after the deadline at midnight.

At the office of the county collector, LeRoy Massengale, chief clerk said that a total of 7275 poll taxes had been paid and that property tax collections were well above normal.

At the offices of city collector W. H. Stafford, it was disclosed by the assistant Miss Harper, that 1157 city poll taxes were paid, and that property tax payments were about as usual.

From these reports it is certain that delinquent taxes from the year 1946 will be small.

Poll tax payments in the city appear to be about normal but in the county they are larger than usual and may exceed political year payments. At no time in the past has a vote in excess of 7000 been polled and the new high for poll taxes may indicate a population increase.

Collectors and assistants were a bit groggy over the last minute rush but splendid service was given to the tax payers.

Boyce House Rolls 'Em In The Isles At Rotary Luncheon

Mid-riff mirth is good for piety and the overweight, aging class and Boyce House, famed news commentator and humorist and author, rolled them in the isles Wednesday at Rotary.

House made three speeches in Cameron and they are asking for more. Tremendously popular here he got an understanding response from his crowd when he told the story of a sheriff candidate in West Texas who made a strenuous campaign and got 116 votes. Next day the swashbuckling westerner came out on the streets of the county seat with his shooting irons. When asked why all the artillery he replied: "Well you see it is like this. A man who hasn't got any more friends than I have should arm himself." House was an unsuccessful candidate in the primaries last summer for Lieutenant Governor and polled over 450,000 votes and he said he figured he did not have to arm himself in Texas.

He spoke at the Lions Club Ladies night entertainment on Tuesday night, the Rotarians on Wednesday and the student body at the high school at 1:40 p. m.

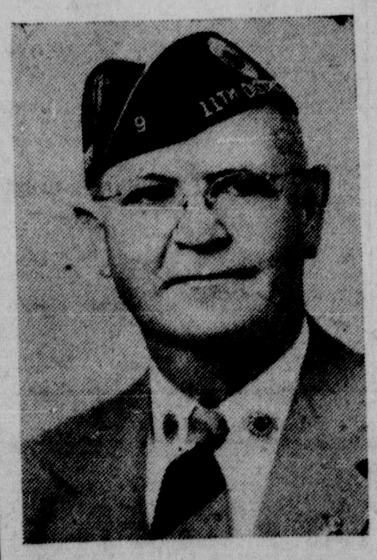
He is author of a number of popular books that have set sales records. More than any other author in Texas to-day he is contributing to the history of the state by interpreting life and just plain folks.

Mr. and Mrs. Henry J. Hailes of Houston have returned to Buckholts where they will make their home.

Mrs. Jim McGoldrick is reported to be improved after being a patient in St. Eduards Hospital for several days.

Mrs. Pearl Cass of Gause was a visitor in Cameron Monday.

Arranges Meeting



EMMETT STREETMAN

Mr. Streetman as 11th District Commander of the American Legion, has arranged a meeting at 2:30 p. m. Tuesday, February 4 in the court house when Col. C. D. Castle of Fort Worth will explain the plan to return war dead to Milam county for burial in the home lands.

Hilton Howell Wants Bar Presidency; Was Reared In Cameron

Hilton Howell, former resident of Cameron and now a Waco lawyer, is a candidate for the presidency of the Texas State Bar Association.

Mr. Howell has practiced law in Waco since 1922. He was born near Lexington in Lee county. He is the son of the late Mr. and Mrs. T. A. Howell of Cameron and a nephew of Roy Griffith of Cameron.

Mr. Howell spent his early youth here and graduated from the Cameron high school in 1915 and went to Baylor for three years with an interruption during World War I when he served as a naval aviation cadet.

He has never sought public office but has served as special chief justice of the supreme court of Texas and special associate justice of the Tenth Court of Civil Appeals by appointment of the governor in special cases. He has been active in the state and American Bar Associations.

SPIRITUALIST CHURCH TO BE HOST TO STATE MEET

On Sunday, February 9, The First Spiritualist Church will be host to an Annual State Mass Meeting.

Services will be held on Sunday at 10:00 a. m., 2:30 p. m., and 7:00 p. m. A welcome awaits everyone attending these services and to the noon hour luncheon which will be sponsored by the Ladies Auxiliary.

The officers of the Texas State Spiritualist Association, State and National Missionaries will take a part in these services.

A State Board Meeting will be held on Saturday Evening at 7:00 where the State officers will meet to plan a program of special activities as this is the 50th Anniversary of the State Association.

I. E. WHITTINGTON IS BURIED AT VAL VERDE

Funeral services were held Sunday February 2 from the Baptist Church in Val Verde for I. E. Whittington, a native of Milam county who died at 6:38 p. m. Saturday, February 1 in Sewell hospital in Belton.

Mr. Whittington was born in Milam county, near Daville, on July 18, 1871 and had lived in Milam and Bell counties all his life. On December 24, 1893 he was married to Miss Emma Barker and to them were born 5 children, four sons and one daughter. Two o fthe sons died in infancy. Mr. Whittington was a member of the Baptist Church.

Surviving are his widow, Mrs. Emma Barker Whittington; two sons, Eric H. Whittington, Natalia, Texas, Roy E. Whititngton, Caruthers, Califronia; one daughter Mrs. Poke Shelton of Belton.

One brother T. P. Whittington lives at Madisonville and one sister, Mrs. F. L. Woods lives in Rogers. Five grand children and 2 great grand children survive, one niece who survives is Mrs. Lottie Bell Whittington of Abilene, a nurse who attended him during the days of his last illness.

The minister at the Val Verde Church assisted by Rev. Robbins conducted the services. Interment was made in the Val Verde Cemetery with the Marek-Burns Funeral Home in Cameron directing arrangements.

Pallbearers were: E. A. Camp, A. R. Walsachak, Roy Smith, Barney Anderson, W. A. Bonds and Roy Tanner.

Record Set For Fire Alarms In January; Firemen Are Aroused

An average of 3 fire alarms a day was the fate of members of the Fire Department in January, it was disclosed by John C. Andres, Secretary.

In a single day there were 5 alarms. Most of the runs made by the firemen were to grass fires. The aging equipment was hardly equal to the fast pace being set by citizens who have been setting fire to grass lands in the city.

Firemen were greatly troubled over the developments. They say that with so many alarms a day many of them cannot get any work done. It seems the firemen want something done to curb these fires.

MERLIN LESTER NAMED TP&L CHIEF CLERK HERE

Merlin Lester has been appointed Chief Clerk in the district offices of the Texas Power & Light Company here, it was announced by Henry M. Siebman, the new manager.

Mr. Lester succeeds Mr. Siebman in this important office responsibility.

Mr. Lester is a veteran of World War II, having served for three and a half years in the navy with duties in the Pacific. Before he entered the service he was with the Texas Power & Light Company in Cameron. He returned to his old position with the company in September of 1945.

Mr. Lester has been meter man, commercial salesman and accounts receiving clerk. His new job is a fine promotion in recognition of his services to the company.

Born at Jones Prairie he grew up in that community being a member of one of the historic families there. He is the son of the late Merlin Lester, pioneer, a brother of Ray Lester of Cameron and of Judge Giles P. Lester of Waco.

Mr. Lester is married and they have one son, Merlin, Jr. Mrs. Lester is the former Miss Althen Harris of Cameron.

GROUP OF 50 HEAR CHILD PSYCHOLOGIST THURSDAY

At the second meeting of the Child Psychology and Family Relations Study group held here at the First Methodist Church on Thursday afternoon by the Parent Education Specialist of the University of Texas, Mrs. Virginia Sharborough, an informative discussion on social development and behavior problem was brought before a group of about 50 mothers, Sunday school workers, teachers and other interested persons.

The well known psychologist urged parents to spend more time with the children in the home and to make home a place for friendship, comradship and recreation to interest the young folk in spending more time there. She said that the various scout movements, church and school groups, etc. are splendid in their place but that the home is chiefly responsible for the child and must assume that responsibility. She emphasized the importance of knowing the children's companions and social influences outside the home.

She will return to Cameron on Thursday, February 6, to bring a discussion of The Wholesome personality. These meetings are held at the Methodist Church at 2 p. m. at stated intervals and anyone interested is invited to attend. The Mother Club is sponsoring the series of lectures which are brought free of charge as a project from the extension department of the University of Texas.

Future studies will include training in the use of money (the allowance); Educating for better human relations; relationship of parents to sex development and interests of children; and other timely topics.

Hicks Is Asking For Surplus Government Buildings For Schools

Chas. M. Hicks, county superintendent for public instruction, is asking the federal government for surplus housing from the Hearne Prisoner of War Camp.

Mr. Hicks hopes to be able to obtain some of the houses to be used for negro schools in the county and for such other purposes as may be feasable.

One of the units being sought is a cold storage house which he can use to store food products used in the free lunch rooms in the schools.

At present Mr. Hicks has two car loads of food on storage in Taylor because he could not find storage in Cameron.

Fred Stone of the State Department of Education was in conference at 10 a. m. Tuesday with Mr. Hicks regarding this application.

Mrs. V. A. Wokaty and daughter of Corpus Christi visiter relatives and friends in Cameron last week. The Wokaty family formerly lived in Cameron, and have many friends here who are always glad to have them visit here.

NO RAIN IS FORECAST FOR THIS AREA SOON

Partly cloudy weather with rising temperatures were in prospect here for the next few days.

General over Texas the temperatures were rising. Sunday was clear and the predicted cold spell did not become severe enough to bring freezing temperatures to any consider able portion of south and east Texas.

L. W. Smith at the Community Public Service Company reported that the low here Sunday morning was 29 and a half degrees and enough to insure considerable ice.

Althuogh no rain is forecast for the next 48 hours rising temperatures and cloudiness made rain a definite prospect.

The farm situation was growing critical in many areas of south and central Texas. Plantings of melon and potatoe crops and tomatoes will soon be under way and February brings corn planting time in this area.

Curtain Is Down On Cotton In Milam Co.

Taps for the fleecy staple have virtually sounded in Milam county.

Figures just released show that only 9691 bales of cotton were ginned in this county from the crop of 1946 up to January 1, 1947 as compared to 17,574 from the 1945 crop.

These figures are reported by Jess Thompson, statistician for the Department of Commerce.

The economic effect of cotton production losses has cut deeply into the purchasing power of the people, especially those who work on the farms Cotton is the greatest distributor of income in the history of farming.

Mrs. Ella Dobbins of Waco, is visiting her sister and brother, Mrs. Jeff T. Kemp and Wm. R. Rogers this week.

Mrs. Dan Robinson of Milano visited in Cameron last week.

Joe Luce who has been a patient in the Newton Memorial Hospital, has returned to his home and his many friends will be glad to know of his improvement.

Ray O'Neill Is Named Court Reporter 38th Judicial District

Ray O'Neill has been named Court Reporter for the 38th Judicial District by Judge K. K. Woodley.

Mr. O'Neill is former Reporter for the 20th Judicial District at Cameron under the late Judge Graham Gillis.

The 38th District is composed of 7 counties and the county seats are Uvalde, Kerrville, Crystal City, Boerne, Bandera, Hondo and Leakey.

Mr. O'Neill was in Cameron over the week end to visit with his family.

MERIDIAN MAN SUCCESS BIDDER ON NEW FIELD

L. P. Reed of Meridian submitted the low bid of $1,968,658.40 on the Camp Hood airstrip, Col. D. M. Griffith of the army engineers office at Galveston said Thursday night.

The bids on the project, slated for completion this year, also were for taxiways and runways.

The army engineer's office previously had said that completion of the air strip is planned for next summer.

The strip is to be used in conjunction with Camp Hood's training in moving armies by air. Plans call for training in air transportation to all units in the army, including supplies, and eventually some types of heavy artillery, the army has reported.

The Hood air strip is to be 7000 to 8000 feet long and wide enough to handle many planes at a time.

FRANK KRALL DIED AT AD HALL HOME SUNDAY.

Frank Krall, 80, died at his home at Ad Hall at 5 p. m. Sunday, February 2.

Mr. Krall was born in Europe but had been a resident of the United States for many years. He had lived at Ad Hall since 1925. He had been in declining health for some time.

Funeral services were conducted from the Marek-Burns Funeral Home Monday afternoon, February 3 at 4 p. m. with Rev. Roy Holt, pastor of the First Christian Church, conducting the services with interment in Oak Hill Cemetery in Cameron.

Surviving are one son, Joe Krall and one daughter, Frances Krall, both of Ad Hall.

Naval Reserve Recruit Unit Now In Waco; All Former Men Taken

Commander Wilbam T. Zink, United States Navy, will be in Waco at the Naval Recruiting Station from February 3 to February 7 for the purpose of administering the oath of any ex-service man interested in joining the naval reserve, thus eliminating the trip to Dallas.

J. G. Parks, C. C. S., United States Navy and J. W. Anderson, C. E. M., U. S. Naval Reserve, were in Cameron late last week to announce the visit of Commander Zink to Waco.

The Naval Reserve is open to all former service personnel of all branches of the armed forces. Enlistments in the naval reserve insures each man his former rating and they may stay eligible for advancement and longivity. They can take summer cruises and attend training activities with pay.

Fleet Admiral Chester W. Nmitz, in announcing plans for the post war naval reserve says officers and men of the Ready Reserves will augment the active and the reserve combatant ships of the Navy to bring them up to full complement in the event of a national emergency.

Conitnuing Admiral Nimitz says it is imperative we have a well trained Ready Reserve of approximately 25,000 officers and 175,000 men.

Local former service men are urged to take advantage of this reserve enlistment and may go to Waco any day between February 3 and 7.

August Helpert of Burlington visited in Cameron Monday.

Joe Ford Recovers From Recent Injuries

Joe Ford of Yarrellton was in Cameron Wednesday attending to business and to advertise some sheep for sale.

Mr. Ford is recovered from recent injuries sustained when a tractor became overbalanced on a tank dam and fell on him.

Mr. Ford was cleaning a tank on his farm. When the tractor fell on him it pinned him beneath its weight in several feet of water. He finally struggled free and with the aid of Mrs. Ford his life was saved. He sustained severe injuries and spent some time in a hospital.

Dr. and Mrs. M. L. Fuller have moved to Brownwood where they will make their home. Dr. Fuller resigned his place here with the County Health Unit to accept a place in Brownwood.

The GENIUS BEHIND THE LIGHT . . .

This month marks the 100th anniversary of the birth of Thomas A. Edison, genius, who, perhaps more than any other individual, advanced the standard of man's everyday living.

Edison's amazing list of accomplishments was the result of his imagination, plus initiative, toil and painstaking thoroughness. It is recorded that he made experiments testing more than 6,000 samples of bamboo fibres before he finally developed the correct carbon filament which made the incandescent electric light bulb practicable. And this is only one of more than 1,150 of his inventions that contribute to almost every phase of our modern life.

Imagination, initiative, toil and painstaking thoroughness are also the principal factors behind the dependable electric light and power service you are enjoying today. More than 2,500 Texas men and women make up the Texas Power & Light Company organization and aid in providing dependable, low-cost electricity to more than 200,000 customers in a 52-county area of North, Central and East Texas. This organization, while serving you today, is alwdys planning and building for your increased electric service needs of tomorrow.

DR. CHARLES E. NEWTON BURIED IN PINE BLUFF

Dr. Charles Edgar Newton, pastor of the First Presbyterian Church at Pine Bluff, Ark. since 1931 died at his home Saturday night shortly before ten o'clock after suffering a heart attack a few minutes earlier

He was born at Cameron, son of the late Rev. James Knox Pope and Eliza Jane Sisk Newton. Both his father and great grandfather were Presbyterian ministers.

He spent his boyhood in Cameron and Maysfield, where he received his elementary education. He began his college sturies at San Marcos, and was attending Austin College at Sherman when his studies were interrupted by World War I. He served as an assistant secretary in the Army Y. M. C. A. during the war.

At the close of the war he matriculated at the University of Texas and supplemented his studies there with the study of Theology at the Austin Theological Seminary and received his AB and BD degrees from both institutions in 1924. While attending college he was pastor of the Presbyterian Church at Lufkin. He then did special work at White's Biblical Seminary at New York City. and his first pastorate was the First Presbyterian Church at Lufkin. He served several pastorates in Texas prior to accepting a call to First Presbyterian Church at Helena.

Dr. Newton came to Pine Bluff in August 1931 to assume the pastorate of First Presbyterian Church. He was moderator of the Synods and chairman of Home Missions of the Pine Bluff Presbytery, chairman of the Commission of the Minister and his work, a member of the board of trustees of Austin Theological Seminary at Austin, and was president of the Pine Bluff of the Ministerial Alliance at the time of his death.

He was a member of the Pine Bluff Rotary Club, the Quapaw Lodge No. 730, The Lafayette Chapter No. 7, the knights of Templar Damascus Commandery No. 8, and the Sahara Shrine Temple. He was Chaplain of the Quapaw Lodge.

In addition to his widow the former Miss Betty Rhodes of Bremond, he leaves four brothers, H. G. Newton Lamar Newton and Roy Newton of Maysfield, W. T. Newton of New Albany, Miss.; two sisters, Mrs. Forrest Smith of Houston and Mrs. Ellis Mosley of Mayflower, and a number of other relatives.

Funeral services were held at 4 o'clock, January 27, 1947 from the First Presbyterian Church by Rev. Neill G. Stevens, pastor of Second Presbyterian Church and the Rev. George E. Johnson, pastor of Central Presbyterian Church in charge

Elders and Deacons of the First Presbyterian Church and members of the Pine Bulff Ministerial Alliance served as pallbearers.

The remains of Dr. Newton were taken from the home to the Church at 2 o'clock to lie in state until the hour of the service.

Mrs. Frank Barrett of Yarrellton shopped in Cameron recently.

Robert E. Newton S2-C who is aboard the Submarine Entemedor expects to get a leave from his duties in the near future and to visit his parents, Mr. and Mrs. Roy Newton of Maysfield.

Agriculture Students In G I Schools Go To Houston Stock Show

G. I.'s who are attending Vocational Agricaultural Schools in Milam county, enjoyed the Houston Fat Stock Show and on Friday they were accompanied to Houston by their instructors.

Travis Reese, instructor at Rockdale and R. R. Smith, instructor from Sharp, went with their groups by bus and there were some 30 students.

Roy Hensley, instructor for Class No. 1 and Sam White, instructor for Class No. 2 in Cameron and Frank Mitchell, instructor at Buckholts, accompanied their groups, some 35, by bus to the show.

Mrs. James Gregory has returned to her home in Cameron from the Newton Memorial Hospital with her baby son, John Robert.

A. Maresh from Brenham of the Maresh Department Stores was in Cameron Monday.

Sam Clark of Yarrellton was among the business visitors in Cameron Friday.

Cub Scouts Schedule Pack Night Meeting Here To-Night

The Cub Scouts are doing things these days.

Charles Holstein gave some details of the meeting held last night at Presbyterian Church.

The Cubs will hold Pack Night on Thursday, January 30 at 7:30 in the basement of the church. Mr. Holstein said that parents of the scouts and others who are interested are urged to attend.

Scout work here has fallen to a low scale in activity due to lack of an organization but the Cubs are going ahead under good and capable leadership.

Mrs. Gene Blake who has been a patient in Newton Memorial Hospital for several weeks is improved and able to be removed to the home of Mr. and Mrs. Fred Blake.

Mr. and Mrs. Nelson C. Nolte and son Kenneth Clyde of New Braunfels, Texas, were week end guests in the home of Mr. and Mrs. Percy L. Knodel and son.

Color-Creed make no difference you were everyone's friend we loved you. Your memory and influence will live on forever.

Your Friend.

A TRIBUTE TO MY ROSE

Rose, I loved you,
Not only for what you are,
But for what I was
When I was with you.

I loved you,
Not only for what
You have made of yourself,
But for what
You are making of me .

I loved you
For the part of me
That you bring out;
I loved you
For putting your hand
Into my heaped-up heart
And passing over
All the foolish, weak things
That you can't help
Dimly seeing there,
And for drawing out
Into the light
All the beautiful belongings
That no one else had looked
Quite for enough to find.

I loved you because you
Were helping me to make
Of the lumber of my life
Not a tavern But a Temple
Out of the works of every day
Not a reproach but a song.

I loved you
Because you have done More than any creed
Could have done
To make me good,
And more than any fate
Could have done
To make me happy.

You have done it
Without a touch,
Without a word,
Without a sign.
By being yourself
Perhaps that is what
Being a friend means,
After All.

Blessed are they who have the gift of making friends, for it is one of God's best gifts. It involves many things, but above all, the power of going out of oneself and appreciating whatever is noble and loving in another.

Grabein Rides "Poncho" In Houston Parade

R. G. Grabein spent Tuesday night in Richmond with his friend Neal C. Smith and next day they went to Galveston to see R. Lee Vanderpool who owns "Poncho" prize sorrel horse Mr. Grabein trained in Cameron.

"Poncho" was overjoyed to see his master again and mainifested it in many ways. He took "Poncho" to Houston and rode him in the parade that opened the Houston Fat Stock Show. "Poncho" is a great performer and enjoyed the colorful festivities.

Mr. Grabein wants to buy "Poncho" back and bring him home to Cameron. He regrets now he ever sold the fine horse.

AN EXPRESSION OF THANKS

We wish to thank our many friends for their kindness and thoughtfulness shown to our loved one, Rose Rischar, during her long illness, and at her death. She often spoke of them before her passing and expressed her apprecation for the kindness shown her. Especially do we wish to thank Editor J. B. White, of The Cameron Herald, for his timely request that was so helpful to her, and to others in the same area. We wish to thank all for their kind favors, lovely flowers and cards of sympathy which came to us in the dark hours of our great loss. May God bless each and every one of you.

The Rischar Family

Mr. and Mrs. J. H. Robertson of Riviera, Texas, near Corpus Christi visited friends in and around Cameron this week. The Robertsons are former residents of Milam County, but have lived in the coastal country for several years.

District 15 Baptist Convention which convened in Bryan, Thursday, January 30 was attended by the following members of First Baptist Church in Cameron; Rev. and Mrs. L. L. Morriss, Aleene Griswold, Mary Fanning, Mrs. Earl Moseley, Mrs. John A. Smith, Mrs. Ernest Williams, Mr. and Mrs. John Mayfield, and Mr. and Mrs. Cecil Allen. Many inspiring messages were delivered throughout the day, including one from Dr. Kyle Yates of Houston.

Mr. and Mrs. Marvin Ethridge were in Houston on Tuesday to attend the Fat Stock Show and Mr. Ethridge rode one of his fine horses in the parade.

WARMER WEATHER IS WEEK END FORECAST

A low of 25 degrees was recorded in Cameron Wednesday morning it was reported by L. W. Smith, local government observer at the Community Public Service Company.

Rising temperatures were in prospect for Wednesday and Thursday but another hard freeze was predicted for Wednesday night.

Texas shivered in one of the worst winter storms of the current season and sub-zero temperatures had taken a heavy toll over the nation. A new cold wave was forming in Canada and it was predicted Wednesday that the country might be in for a prolongation of the bitter weather that has brought discomforts and even death to a number in other parts of the country.

The bright spot was no rain prediction. Clear weather was in prospect for some days. Rising temperatures were due to restore warmer weather by Thursday.

Mr. and Mrs. Raymond Donaldson of Burlington were visitors in Cameron this week.

J. R. Ruzicka of Buckholts was in Cameron this week. The Ruzicka family recently moved from Fort Worth to Buckholts where they were former residents. Mr. Ruzicka will be engaged in farming this year.

FLYING NEWS

Thursday night, January 30, Narvie Caperton, A. H. Baskin, Jr., Sam Brewer, Richard Bush, Hayden Lawrence, A. W. McCullin Buddy Lucas, Mr. and Mrs. William Conlee and G. H. Hickerson, a few of the members of the Cameron Aviation Association accepted the invitation of the Bryan Club to attend a banquet at Bryan.

The Cameron Club received their Charter authorizing them as members of the Texas Aviation Association which gave them the right to request a surplus B-17 from the government to place on the Cameron Municipal Airport to be used for educational purposes.

Eleven people from Cameron flew to Bryan Sunday morning, having breakfast with several of the Bryan pilots who had previously flown over to Cameron and had breakfast at the Cameron Municipal Airport Inn with some of the Cameron pilots.

Friday morning Dwight Price of Cameron received his private pilot's license.

Sunday morning Pete Reed of Belton flew down to visit with some of his friends in Cameron.

NOTICE
To The Public

All of the land which I own or have rented in Milam County is being and will continue to be poisoned against grasshoppers, other insects, and other pests until March 1, 1947. My land is posted according to the requirements of the law. The poison will be dangerous to depredating livestock (cattle, horses, mules, sheep, goats, and or hogs), and I hereby warn that I will not be responsible for the harm done to any livestock trespassing on my land.

MRS. L. K. SMOOT.

NEW 1947 CHEVROLET IS ANNOUNCED HERE

With virtually no interruption of production for the changeover, Chevrolet today introduced through Grabein Chevrolet Company its new line of passenger cars, comprising 11 models in three series, all smartly styled in the modern mode.

The three series are the specially styled Fleetline, the de luxe Fleetmaster, and the economy-range Stylemaster. All show marked advances over previous models in exterior styling and trim, and in interior finish and fittings. The new car will be on display Thursday at the Grabein Chevrolet Co.

The historical shutdown for new model switch-over was by-passed in making the change at this time, according to T. H. Keating, general sales manager of Chevrolet Motor Division of General Motors.

"Not only was the usual shutdown for retooling avoided." Mr. Keating said, "but there was virtually no decrease in the rate of output when these models went into production. On the day of the change-over, the first of the new models followed the last of the old on the assembly lines almost without a gap.

"Chevrolet thus was quite successful in its determined effort to bring out an improved line of motor cars without halting or seriously retarding production, in order that the great number of waiting purchasers —both those who have placed orders and those planning to do so—should encounter no additional delay.

"Ths factor in the automotive picture is one reason why changes have been confined largely to those improvements that could be made without causing the car-needy public to face further inconvenience and disappointment," Mr. Keating added.

The most striking appearance feature of the new models is the result of the advanced treatment of the front and, especially of the fenders and hood, which gain sweepingly smooth overall contours through the omission of side hood moldings. Fenders and hood blend in form and in color, to effect a clean-cut simplicity and an appearance of solidity, which is heightened by the elimination of hood louvers.

Frontal appearance is altered greatly, featuring an entirely new, more striking design of radiator grille, chiefly notable for the massiveness of its horizontal bar members, which extend beyond the grille opening to span the front-end sheet metal. Widely separated, larger parking lamps, of rectangular form, are mounted between the lower bars of the grille.

Newly designed decorative features are the chromium-plated die-cast name plates near the rear edge of the hood, a die-cast front-end emblem plate just above the grille, and a speed-lined ornamental hood ornament at the front of the top center molding.

The smoothness of the front end is extended through the door and body panels, whose contours are unbroken by horizontal moldings. At the crease line, where the lower panels meet the upper body structure, a narrow molding of stainless steel fills the crease angle of the Stylemaster line as well as that of the higher priced cars.

Fleetline and Fleetmaster models (except the Station Wagon) carry ornamental medallions setting off the tail and stop lamps, and Fleetline models have a special identification emblem at the rear.

Body interior changes include new ultra-modern instrument panels, new ornamental treatments of the door upholstery panels and scuff pads, new colors in garnish moldings, new steering wheel and horn button caps, and new friction-type adjustable sunshades.

In all instrument panels, the dials, indicators, controls, clock and glove compartment locations remain unchanged, but the panels and their equipment are completely new in color and decoration. A one-piece die-cast radio grille of new design is the outstanding feature.

The valve-in-head type engine that has powered millions of Chevrolets is continued without basic change. Its pistons now are fitted with new wide-slot oil control rings, more effective in preventing carbon deposits from building up and blocking the drain holes in the ring groove. Another advantage is that these rings quickly wear in to a proper fit in the cylinders, thus effecting better oil control during the breaking-in period.

Modern-Mode Styling for Chevrolet

The auto industry's stylists and designers have played the major role in the presentation of new models, since change-over this year has been generally confined to restyling in the modern mode. Here is the new Chevrolet, now in production, distinguished by advanced front-end treatment that incorporates a new and more massive radiator grille, larger parking lamps, and smartly redesigned decorative features.

Ru-Ex Compound is for sale and recommended by

DUSEK PHARMACY

WACO SOLON WILL ASK CONSTITUTION CHANGE

AUSTIN—Rep. Gordon Wavis of Waco today said he will introduce a bill next Monday when the legislature reconvenes calling for an appropriation of approximately $600,-500,000 to pay bonuses to veterans of World War II.

Davis proposes to pay a bonus of $1 a day to veterans for each day of active duty overseas and 50 cents a day for each day of active duty in the United States.

The Davis bill calls for a constitutional amendment to permit the payment of such a bonus.

In the event of a veterans death prior to receipt of the bonus, the money would go to his wife, if she has not remarried.

If the wife has died or remarried, the money would go to the veteran's child or children, or if there are no children, to the veteran's mother and father. Where there are none of these beneficiaries, the bonus would revert to the state.

CHRISTIAN SCIENCE SERVICES

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 11.

The Golden Text is: "Beloved, let us love one anohter: for love is of God . . . He that loveth not knoweth not God; for God is love" (I John 4:7,8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And this commandment have we from him, That he loveth God love his brother also" (I John 4:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "'Love one another' (I John, III, 23), is the most simple and profound counsel of the inspired writer" (page 572).

MILANO NEWS

Mrs. Burns of Houston spent the week end here with her sisters, Mrs. Elam and Baggett.

Mrs. Bessie Brooks visited a few days here recently, and has returned to Houston where she will make her home with her daughter, Mrs. Roy Flemming.

Mr. and Mrs. John Myrick have returned from a visit in Corpus Christi.

Visitors in the home of Mrs. Daisy Hooker for the week end were her children, Mrs. Gysell Burdicks, Mr. and Mrs. Robert Rogers and son all of Houston.

Mrs. Dan Robinson, Mrs. Hooker, Mrs. Rogers and Mrs. Burdick visited in the Clyde Hensley home at Maysfield last Sunday.

Mrs. P. J. Elsenburg and two sons of Minerva spent the week end with her parents, Mr. and Mrs. W. E. Thomas. Mr. Thomas who has been ill is improving.

Frank Kruse of Burlington, Rt. 1 transacted business in Cameron this week.

Mr. and Mrs. Frank Hrozek of Rosebud visited in Cameron Friday.

Mr. and Mrs. Roy Newton, H. G. Newton, Lamar Newton, and Mrs. Helen Peel all of Maysfield attended the funeral of Dr. Charles Edgar Newton, at Pine Bluff, Ark. last Sunday. Dr. Newton died at his home there on Saturday night.

Go to Church Sunday and feel better Monday.

YOEMEN HAVE 5 MORE GAMES IN BASKETBALL

Five more basketball games are scheduled for the Yoemen under the district play.

On Thursday, February 6 the Yoemen go to Georgetown and on Friday, February 7 they journey to Belton for another game.

On Tuesday, February 11 they go to Taylor and on Thursday, February 13 they are carded for a visit to Hearne. The last game will be played in Rosebud against the Black Panthers.

This will complete the schedule. Some of the Yoemen who play basketball are on the football squad and spring practice is just around the corner.

Chesley Barrett's Parents Baby Girl

Mr. and Mrs. Chesley Barrett are the proud parents of a daughter born February 3, 1947, at St. Eduards Hospital. She weighed 9 pounds nad 4 ounces, and has been named Birdie Jean.

Mrs. Barrett is the former Birdie Mae Bross, daughter of Mr. and Mrs. Guy Bross. The baby is the first grand daughter of Mr. and Mrs. Jim C. Barrett and Mr. and Mrs. Guy Bross.

Charles M. Hicks, county superintendent, will go to Austin on Friday to meet with co-ordinators of schools for veterans. The purpose of the meeting will be to work out some form of state supervision of the schools. Mr. Hicks has been very successful with the schools here and has fine co-operation from the teachers.

Fuchs Bros. Poultry Farm Issues New And Attractive Catalog

Fucks Brothers Ideal Hatchery and Poultry Farm has just issued a new catalog, one of the most attractive they have printed.

The catalog is highly illustrated. Its cover is an airview of the farm on which is superimposed a white leghorn hen, one of the grand champions this farm is famous for.

The Fuchs Bros. Hatchery and farm have grown to become one of the most widely known poultry producing centers in Texas.

The new catalogue will be welcome news to chicken breeders and is also valuable from the standpoint of the publicity that Cameron and Milam county receive annually from this business.

Robert Ottmer of Buckholts transacted business in Cameron last week.

Mr. and Mrs. C. E. Russell of Yarrellton shopped in Cameron on Wednesday.

CHRISTIAN SOCIETY

Mrs. Alvin Witcher entertained the ladies of the Christian Missionary Society, at her home Monday afternoon.

Mrs. Dwight Hughes was program leader and was assisted by Mrs. Roy Holt.

Refreshments of coffee and cake were served to fourteen members.

Printing is a home industry.

From where I sit ... *by* Joe Marsh

Lem's Dogs vs Thad's Chickens

Running a newspaper, you get to know a lot about human nature.

Thad Phipps was in the other day, all burned up. Wanted me to run an item on how Lem Martin's dog had raided his chickens again, and ought to be put away by law.

I told him: "Lem was in on Saturday. Said you shouldn't be allowed to keep those chickens so close to his house—and in a residential zone, at that."

Thad shuts up right pronto then. And that very evening I see him making his peace with Lem at Andy Botkin's Garden Tavern —over a friendly glass of beer.

From where I sit, anyone can find something in his neighbor to complain about. (Some folks may even disagree with Thad's right to enjoy that glass of beer with Lem!) But where would we be if everybody tried to have a law passed against everything they disagreed with? We wouldn't have many neighbors left!

Joe Marsh

Once a victim of the dread polio disease, little Nancy Drury, 4 year old of Louisville, Ky., has been chosen to symbolize the fight against infantile paralysis because of her splendid recovery. Nancy will participate in national ceremonies launching the March of Dimes.

State Operated Liquor Wine Stores Proposed

AUSTIN, Jan. 30.—Establishment of a network of state-owned and operated liquor and wine stores is proposed by Rep B. L. Templeton of Wellington in a bill offered in the house of representatives today.

It provides for the exclusive retail sale of distilled liquor and wine (no beer) in state package stores, and provides $1,000,000 to reimburse those private liquor dealers who would be forced out of business if the monopoly act becomes law.

Home Economics Club To Houston Saturday

Home Economics classes at Yoe High School will go to Houston Saturday for the special program during the Fat Stock Show.

The girls, some 50 in number, will be chaperoned by Miss Joy Rice, Home Economics teacher and Dick Young, principal of the high school.

Bill Arthur, teacher of Vocational Agriculture, will supervise the trip for some 30 boys who will take part in the Houston program.

Mr. and Mrs. Will Jekel who have been living near Buckholts have moved to Cameron where they will make their home.

SERIES E LEADS TOTAL MONEY INVESTED 1946

The people of Milam County invested $290,459.25 in savings bonds in 1946 according to a statement just received from Nathan Adams of Dallas, director of the War Loans in Texas.

According to Mr. Adams' statement the people of Milam county bought $224,706.25 in Series E bonds in 1946 and only $65,753.00 in F&G bonds. This figure indicates that the small buyers are saving money against a day of need and for other purposes.

In December 1946 the total invested in bonds was $26,900 and of this amount $23,900 represents E Bond sales. The total F&G bonds bought in 1946 amounted to $65,753.

During the War loans the people of Milam county accounted for millions in finance for the government. During the 4th War Loan this county led the nation in comparable areas in the amount of bonds purchased.

Newly Weds Are Honor Guests At Party And Shower Tuesday

Mr. and Mrs. Bert Swanzy and Mr. and Mrs. Roy Bill Green were honored with a party and shower at the Methodist Church in the Tracy Community on Tuesday night, at 7:30. Both couples are newly-weds and are residents of Rockdale with the exception of Mrs. Swanzy, who was before her marriage Miss Ruby Lee Craddock of Cameron.

Over sixty gathered at the Church where they were entertained mith music throughout the evening. Delicious refreshments were served, and the young couples were showered with many beautiful and useful gifts for which they are truly grateful.

YOEMEN TAKE EAGLES IN TWO GAMES HERE FRIDAY

The Yoemen made a clean sweep of the Friday night basketball schedule here defeating the Georgetown Eagles in both the A and B games.

In the B Game Cameron won 21 to 4 and in the A game 47 to 27. The Eagles are among the weak teams of the district and 1947 football is the weakest in years.

The following were in the lineup for the B game and the figures indicate points scored by each man: Cameron, Tindall 3, Matula 1, Wilkerson 6, Bob Holloway 4, Bill Holloway 2, Culpepper 2, Hickman 3, Caldwell 0, Folschinsky 0, and Gipson 0. Georgetown: Wolf 0, Leo Chafin 4, Jim Chafin 0, Watkins 0, Bray 0, Sanson 0, Donal 0.

In the A squad game with Billy Hanes scoring 16 points the results were: Bill Holloway 4, O'Neill 4, Hanes 16, Hawkins 6, Michalka 8, Wallis 5, Shipp 4, Wilkerson 4.

The first quarter final score was 9 to 7 in favor of Cameron. The Yoemen then pulled away and at the remaining quarter the score was 23 to 7 and 37 to 17 and final 47 to 27.

PEPPARD'S FUNK-G HYBRID

The Great Corn for TEXAS

Texas Farmers themselves proved the superiority of Peppard's Funk-G Hybrids to their own and their neighbors' satisfaction. *More than a thousand Texas Farmers* planted research plots of Peppard's Hybrids in every Texas corn region before a bushel was offered for sale. Now Peppard's Hybrids are *Deeply A Part of Texas.* Peppard's are hard put to produce enough seed to supply the skyrocketing demand—Don't wait until planting time . . .

Cato's New Cafe To Be Formally Opened In Cameron Sunday

Open house at Cato's new cafe will be observed from 3 p. m. to 7:30 p. m. Sunday.

Mrs. Cato purchased the property at the corner of North Fannin and East 19th Street more than two years ago and has spent a great deal of time developing this restaurant which combines all the features of a lovely home. Nearby are apartments with a large portion of the original property being used for a cafe.

Mrs. Cato has been serving meals for some time but has finally completed the cafe and is serving refreshments Sunday afternoon when formal opening is to be held.

Walker Shuffield of Maysfield was in Cameron Friday afternoon on business.

War Vet Who Dreamed Of Owning His Farm Realized His Ambitions; Through FHA He Now Has Deed to 251 Acres And Is At Work

Through long months in far-away countries, Harold B. Morgan of the Lilac Community dreamed of the day when he could get back to the land, break the sod and plant his own crops and raise his own cattle again, and he wondered and worried a little about his ability to use all the new agrcultural methods stimulated by the war and how he could own a farm of his own.

This week his dreams came true and his doubts have faded for a Farmers Home Administration loan was closed making him an owner of 251 acres of land. County FHA workers are assisting him in every way they can in making a smooth transition from Military life to a farm owners' status and they say he is quick ly catching up with new practices.

Mr. Morgan is married and has four children and has been a resident of Milam County all of his life. He served in the 81st Infantry Division for 16 months and sailed from Tokyo, Japan, on Christmas Day 1945 and soon received his honorable discharge.

Roy M. Wright, local FHA Supervisor indicated that these loans to purchase farms are available to eligible returned servicemen, but before a loan can be made a local county committee must approve the applicant and the farm and certify that the farm is worth the purchase price. Also the veteran and the local supervisors sit down together and write out a sound, practical plan for running the particular farm with best results for success. They talk about crop acreage, livestock and poultry feeding soil-building measures to increase yields, marketing possibilities and other factors affecting farm income.

Mr. Wright further stated that operating loans for the purchase of feed, seed and subsistence needs are also available to veterans.

St. Rita's Circle Is 25 Years Old; Observe Anniversary Jan. 26

The St. Rita Circle was 25 years old Sunday, January 26. In the way of celebrating the occasion, forty members received Holy Communion in a body, at the eight o'clock Mass, and at night the members and their families, some 125 people enjoyed a 42 party at the K. C. Hall.

The central attraction was the beautiful decorated three-tiered birthday cake with the number "25" resting proudly on top. The cake was placed on the center table where also was a beautiful boquet of handmade silver flowers made by one of the members of the Circle.

Seven of the 15 charter members were present for the celebration. The Circle now boosts a membership of 52 ladies.

Three new members, Mrs. Anton Hanel, Mrs. David Shapiro and Mrs. Louis Matula were added to the Circle membership at the last meeting which was held on Wednesday, January 22, at the home of Mrs. Leo Hollas, with Mrs. R. A. Michalka as co-hostess. Thirty-four members answered roll call and one visitor, Miss Marie Pesek of Jourdanton. The annual report was read by the treasurer, Mrs. Leo Laake. The hostesses served cake and coffee.

On February 5, the next meeting will be held at the home of Mrs. A. E. Matula with Mrs. Albert Mitchan as co-hostess.

W. T Hanes, superintendent of schools, was in Dallas Friday night to speak to the Texas Certified Seed Breeders Association, at their annual banquet. Gene Humbert, District Rotary Governor of Bryan, is secretary of the Association and arranged to have Mr. Hanes deliver the address Friday night on "The American Way of Life."

VETERANS ENROLLED IN CLASSES GET PHOSPHATE

Eighty thousand pounds of 20 per cent Superphosphate has been received by the Milam County ACA, it was announced today by Alva E. Sanders, Administrative Officer.

The entire amount has been issued to Veteran's enrolled in the Veteran's Agriculture Class. The class consists of some fifty Veteran's, two classes from Cameron and one from Buckholts.

The material will be used in connection with improved pasture pro-

Georgia Relative Is Seeking Whereabouts Of Major T. Kite

The whereabouts of Major T. Kite whose last known address was Cameron, caused Mrs. William Moate of Oxford, Georgia to address a letter to the Missing Persons Bureau here.

The letter was delivered to The Herald and the publishers make this announcement in an effort to assist in locating Mr. Kite.

According to Mrs. Moate, it has been 35 years since they had word from him and his address then was Cameron.

Mrs. Moate adds that Mr. Kite and a half sister who married Joe P. Day and she was Holly Ann Kite and they lived in Alabama near Bowdon, Georgia. This information does not seem to be of any help locally. Mr. and Mrs. Day were the grand parents of Mrs. Moate.

If anyone here can recall Major T. Kite they will greatly oblidge by writing Mrs. William Moate at Oxford, Georgia.

Miss Olga Wenland of Santa Fe, New Mexico is visiting her aunt, Mrs. William Senkel. She is en route to her home after visiting with a sister in Florida.

Clyde Copus who has been a patient in the Newton Memorial Hospital has returned to his home much improved.

LONE STAR GAS COMPANY

OUR TOWN—

(continued from page one)

as far as South Carolina and westward to Nebraska.

We are told the American Groundhog is a critter from 16 to 19 inches long and in color is a grizzle, sometimes red, depending on age and season. His life is similar to that of the Gopher and many people think they are the same, but far from it. The Groundhog eats green vegetation and like the Gopher is very destructive to grass, garden patches and alfalfa fields. It burrows deeply in the field, hillside or wood lands, remains secluded in day time and goes abroad at night, a sort of nocturne, and in this regard may be related, shall we say to the turnips on Broadway,

On the approach of cold weather the Groundhog falls into a lethargy. How human! In its burrow, it hibernates until March or April. And so we have the legend. The Groundhog is looking for warm weather, comes out on February 2 and whether he knows it or not if the sun is shining the intellectual clinkers shudder. and go back to bed.

It occurs to us, as it so often has in the past, that the Chamber of Commerce, should, at the beginning of each year, lend its services to organize a market for produce. Right now farmers are getting ready to plant their crops of melons, tomatoes, potatoes and others for which this area is celebrated. Buyers want to know something about the acreage and approximate maturity dates of the crops, etc., and upon this information they base their outlet.

One of the great needs of this city is a concentration point for these commodities. Some of our neighboring towns are already leading out and are holding meetings with producers to line up all possible information on these crops. The Chamber of Commerce is the logical and only organization we have to do things like this. If we cannot expect service of this kind from the Chamber, what can we hope to get from the money we invest in its annual budget?

The importance of agriculture and the products we annually sell here cannot be overestimated .Our city and our county depend upon the soil. It is a foolish policy to follow, if we simply ignore either through ignorance of our responsibility or just because of down right civic laziness, the opportunity that calls.

Meeting the need to do something about this important phase of our farm income cannot be satisfied by just naming a committee that never meets, or if it convenes at all, is made up of men who do not know anything about how to proceed. It requires study. It requires market information and the best brains possible on plans of organizing and attractng market money. It requires advertising, publicity and any number of things related to get the maximum from our efforts here.

This newspaper hopes the Directors will take immediate cognizance of this need.

Local Breeder Enters 6 Polled Herefords In Fort Worth Stock Show

FORT WORTH—Six Polled Hereford cattle have been entered by Frank Monroe and Son of Cameron in the Southwestern Exposition and Fat Stock Show, March 5-16.

They will be among 550 exhibitors who will bring their potential prize winning animals from 19 states for the Fort Worth Show. A new record has been set this year for the number of states represented. Before the war 15 states was the maximum number from which entries came.

The exhibitors will have $65,000 at stake as approximately 5,500 animals begin the grand march into the judging arena, beginning March 7.

Entertainment features for the exposition this year will include the world championship rodeo, produced by Everett Colborn of Dublin, and Broadway Revels, produced by Paul Harlaw of New York City. The stage show will be presented in the Will Rogers Memorial Auditorium on the exposition grounds.

Mr. and Mrs. Jesse L. Shelton of Pheba, Mississippi have announced the arrival of a 6 1-2 pound son born, Jnauary 22, 1947. The mother is a Milam county girl, and is the daughter of Mr. and Mrs. Louis Lucko of the Vogelsang community. The baby is the first grand child of Mr. and Mrs. Lucko.

Col. W. F. Rockwell, Pittsburg industrialist, fights a $6,000,000 portal suit with a $15,000,000 counter suit for losses allegedly suffered because of contract violations and unsatisfactory productivity.

BOY SCOUT WEEK WILL OPEN ON FEBRUARY 7

The sun never sets on the Boy Scout nor on his "Good Turn" and cheerful smile. Organized in 51 nations around the world, Scouting today has 4,413,139 boys and leaders on its membership rolls.

The Boy Scout Movement has been adjudged one of the most potential factors in the promotion of world peace. Its great influence in international friendship and good-will has been constantly furthered by Scout Jamborees, visits and correspondence across the seas.

In more recent years it has seen examples of worldwide helpfulness. For instance, the Boy Scouts of America, which marks its 37th anniversary during Boy Scout Week, Feb. 7 to 13, has a World Friendship Fund of voluntary gifts by its members. Thus far over $110,000 has gone to help Boy Scouts in 32 nations overseas rebuild their units. In addition 400 cases, or twenty tons, of Scout Uniforms and equipment given in the Scouts' own "Shirts-Off-Our-Backs" campaign have gont to Scouts of 13 lands.

These international aspects of the Boy Scouts are worth examining. The Scout Oath and Law, with slight variations in different countries, are known the world around. Scouting has promoted international goodwill and friendship by emphasizing those points which nations have in common, not their differences. The Scout Program is based upon activities that are fundamental to boyhood the world around. Camping and life in the open attracts all boys, regardless of the language they speak.

Yoemen Toppled Out of League Tie By Hearne In Basketball Here

The Yoemen were toppled from their place in a tie for league leadership in Basketball here Tuesday night when the Eagles from Hearne edged them out in an extra time thriller.

The B Squad won their game handily 23 to 10 but the A Squad lost 41 to 40.

Grimm for Hearne piled up 17 points to outdistance the field and was the thrill man of the evening.

Cameron was tied for the league lead before the game. Cameron led in the second and third quarters and at the end of the fourth quarter the score was tied up at 39 each. In the extra play period the Eagles scored 2 points and Camreon got one.

The score by quarters was: Cameron 6, Hearne 9, 1st quarter; Cameron 18, Hearne 16, 2nd quarter and Cameron 29, Hearne 26.

In the B Squad game the figures indicate points scored by individual: For Cameron, Culpepper 2, Schmidt 0, Provasek 2, Brady 0, Wilkerson 12, Gibson 0, Tindall 0, Bob Holloway 4, Folschinsky 0, Matula 0, Bill Holloway 2. For Hearne: Pack 0, Hudson 0, Lusk 4, Hall 5, Youngblood 1, Stevens 0.

The A Squad game for Cameron: O'Neill 4, Hanes 7, Hawkins 7, Michalka 11, Wallis 11, Bill Holloway 0, For Hearne: Skipper 8, Grimm 17, Deason 4, Guynes 0, Scott 0, Henry 0, Morgan 12.

Miss Nadine Boedeker, daughter of Mr. and Mrs. Willie Boedeker of Yarrellton, is ill and under treatment in the Newton Memorial Hospital.

Mrs. Charlie Gelner of Route 1 Cameron has been a patient in the Newton Memorial Hospital and is improved.

IMPROVEMENTS SLATED AS NEW YEAR OPENS

Building permits in the month of January totaled $20,900 according to figures just released by W. H. Stafford, City Secretary and Treasurer.

In the main the permits issued are for residence properties. It is the largest single month since the new permit law was put into effect by the council.

The largest permit of the month was issued to E. A. Perrin who has begun a new service station at the corner of North Fannin and Highway 77 to cost $7,500.

The new permit law is working splendidly to keep accurate records on building construction. Improvement in the material supply will be revealed in increased permits as the New Year progresses.

New High In Poll Tax Payments Here

A new high for poll tax payments in off political years has been set by the office of the city collector it was revealed by W. H. Stafford.

The total issued up to January 31 deadline is 1165 some 200 more than was issued in January 1945. The 1944 poll which was paid in January 1945 saw 934 issued. The 1946 poll issued in January 1947 saw 1165 sold.

According to estimates the city can now poll some 1600 votes an all time high.

Mr. and Mrs. Walter Senkel had as guests this week; Mr. and Mrs. Ed Senkel and son, Mr. and Mrs. Otto Schulz and son, Mr. and Mrs. Ernest Senkel, and Miss Olga Wendland. Miss Wendland is from Santa Fe, New Mexico.

Herald Want Ads Pay Dividends.

G. W. Blansett of Yarrellton was a business visitor in Cameron Saturday.

Mrs. Frank Zaldovsky shopped in Cameron recently.

BOY SCOUT WEEK

Nearly 2,000,000 Cub Scouts, Boy Scouts and Senior Scouts will observe the 37th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 7th to 13th. Through their World Friendship Fund of voluntary gifts the Boy Scouts of America have given $110,464.36 to help Boy Scouts overseas rebuild their organizations. During the first year of their "Shirts-Off-Our-Backs" project more than 400 cases—or twenty tons—of Scout Uniforms and equipment collected from Scouts were contributed to Scouts in 13 nations. Scouting has always been an active force in promoting better understanding and mutual goodwill among the nations. Above is the official poster marking the event.

NOTICE

From Cameron Firemen

Our fire losses covered by insurance for the year of 1946 are $10,157.46. This property is wasted, gone in smoke and ashes. If present carelessness continues it will reach an all time high.

Ask yourself if you, because of carlessness, or just plain inertia have been responsible for part of the loss, or may be responsible for part of the loss that will occur.

To prevent fire is an individual matter. It is up to the home owner, the business man, in matter of fact it is up to you. It is your problem just as much as anyone else's.

If we are to lick fire, we must think in the terms of fire, and fight fire hazards each day of the year. When burning grass, pick a calm quiet day, when there is no wind, then connect the garden hose before setting grass afire. If you see the fire is getting beyond control turn the water on it.

Cameron Volunteer Fire Departmeut

JOHN P. EANES
